PPA Revised Guideline on Port Storage Calculation

Dear Valued Customer,

Thank you for your continued support and for choosing Ocean Network Express (ONE) to cater to your needs.

Please note that a new guideline has been implemented on the basis of port storage calculation in accordance with [PPA Administrative Order No. 005-2025](#), as follows:

Import Containerized Cargoes

- *“Storage Charge shall accrue per calendar day after the expiration of Free Storage Period to be computed from the day and time the import container is discharged from the vessel until the actual day and time of exit from the port, provided that a fraction of a day shall be considered as one (1) day”.*

Export Containerized Cargoes

- *“Storage Charge shall accrue per calendar day after the expiration of Free Storage Period to be computed from the day and time the export container enters the port for export until the day and time of loading onto the carrying vessel, provided that a fraction of a day shall be considered as one (1) day”.*

We sincerely thank you for your continued support to ONE and look forward to continuously serving your global transportation needs.

Should you have any questions, please do not hesitate to contact your ONE representative.

Yours faithfully,

Ocean Network Express Phils. Inc.
